The Dimmer VIEW

By MAX GOODWIN

Once in a while I have a telephone chat with Mrs. Ivan Lauritzen, the principal of the Golden Avenue Elementary School.

These talks are usually as refreshing as a summer zephyr because (a. the discussion is always about the most refreshing of all topics, children; and (b. her attitude is a feet-on-the-ground approach to any problem that might be under discussion.

We were talking last week about the non-conformist children in the early grades, and the problem they created for teachers. A little better home training, I suggested, might be a means of making the student-teacher relations more pleasant.

She called me on that immediately. Pleasantness nor unpleasantness doesn't enter into it, she said. A teacher might appear provoked when youngsters overdisplay enthusiasm and ingenuity but inwardly the teacher is pleased. Nothing, she admitted, frustrates a teacher more than a child sitting benign, showing little interest and no response to what is going on around him.

She further confided that these little extroverts make the teaching profession more worthwhile.

Now, mother, you may quit worrying if canasta playing has been interfering with your child raising. I think we have stumbled on a means to get Johnny "A" even if it is in Misbehavior.

You'd be surprised at some of the things our readers dream up for us. Some of these things are plain silly, others are worthy of note. We'll let you be the judge of this one.

We ran a story last week concerning the wife of Reverend Bruo Pueschel, she having undergone major surgery that very week. This complainant, a lady, after identifying herself said that we had completely misled our readers. The patient's operation, she complained, was not major at all. In order to set the record straight, she insisted, we must publish a correction this week. People, she thought, ought not be told an operation is major when it isn't.

Abdominal surgery! Ten days in the hospital! Not major! Indeed!!!And the complainant isn't even remotely related to the patient.

I supppose by now everybody knows Postmaster General Arth-

Federal $ Set For LG School

Washington (Spcl):—Federal funds of $163,715 has been allocated to the Lemon Grove School District it was announced by U. S. Senator William F. Knowland.

Money was part of that requested by School Supperintendent Byron Netzley for a proposed school in the San Altos area. Presently, more than 600 homes are being built there by Hertziger-Harris.

Netzley said this money was earmarked for the first wing of five classrooms. Additional aid or a bond issue would be needed to construct a complete plant, he said.

Work on San Altos school will get under way this year, it is believed.

$546,000 For SD In Annexation

The annexation report compiled by the city of San Diego was read Friday at the Men's Club and the club's president, Lee Sparks, announced that a copy would be sent to each club and group in Lemon Grove.

The report was prepared by Tom Fletcher, assistant to the SD City manager who spoke on the subject at a January meeting of the club.

The report shows an estimated income from Lemon Grove of $546,382. It shows an annual expenditure of $369,150 and indicates a capital expenditure of a half million dollars during the first five years. It also lops Lemon Grove off at Grove Street, at a point near the present post office where the drainage is toward Spring Valley.

The area proposed for annexation would have 15,300 population; 4000 residential units and 270 business buildings.

Only 10% of local roads would be fully maintained by the city plus those brought up to city standards (by 1911 Acts). Existing sewers are adequate; garbage and refuse would be supplied, 227 street lights would be installed; 18 policemen and 3 sergeants would supply standard patrol, traffic and investigation service; the fire district would be absorbed, a library would be constructed and the area would remain in the school district. Parks and recreation facilities would eventually cover 10 acres. No estimate was given on the cost of acquiring that part of the Helix Irrigation District that would be in the annexed portion.

Here is the way Fletcher sees the result:

General Tax 1956-57	Before Annex.	After Annex. Helix I.D	After Annex. SD Water
City (1.63)		54.78	54.78
County (1.99)	66.88	66.68	66.88
School (3.62)	121.67	121.67	121.67
Special Purpose Taxes			
L.G. Fire District (.56)	18.82	1.11	1.11
Grossmont Hospital (.10)	3.36	3.36	3.36
County Library (.07)	2.35		
Sanitation District (.33)	9.94		
Water Costs:			
Billing 1,000 c.f.mo.	37.20	37.20	39.60
Metro. Water Tax (.25)	8.40	8.40	
SD Water Auth. (.09)	3.25	3.25	3.25
Other Costs:			
Irrigation Taxes	8.25	8.25	3.58
Fire Insurance 1 yr.	12.05	11.10	11.10
Utility Rates Differ.			
Gas (2500 ft./mo.)	7.08		
Electricity (150 klwt hrs./mo.	11.52		
Refuse Collection (1.50 mo.)	18.00		
SD City Sewer Serv. Chg.		10.20	10.20
Total Comparative Cost	328.77	326.20	315.53

Living costs would be lowered $2 a year for the average resident. Estimate is based on county assessed land value of $550, improvements at $2,461 and personal property of $350.

L. G. Tax Base

1957 net taxable income is estimated at $16 million and would return $546,382 as follows: Franchise and retail sales tax would produce $58,500. License and permits would be $23,850, Fines, $25,000; Liquor Licenses $3,000; Motor vehicles, $80,500; Retail Sales Tax $50,000; and State Gas Tax, $50,000.

City would spend for police $114,000; fire $67,000; streets, $42,500; refuse $32,000; Electrical $12,000; buildings, $3,000; park and rec., $35,000; library, $25,000, and building inspection, $14,500. 7% overhead added, $24,150, makes operating and maintenance expenditures total $369,150, a plus difference of $177,232 for the city.

Joseph Feldman, a new member of the Men's Club was assigned to reproduce additional copies of the report for club members.

Feldman said that he would supply additional copies to any interested person whether they were club members or not, at his offices in Dr. Chassy's Medical Building, 3290 Main Street. Feldman operates the Midwest Escrow Service at that address.

Sam Moore Ranch Converted To Play Area

The 75 acre Sam Moore Ranch with it's five acre spring-fed lake has been purchased by the Sarce Development Co., and is being transformed into a public playground and resort. The ranch is 30 miles east of Lemon Grove off Highway 94, 1½ miles north of Potrero.

The announcement was made here last week by Rex T. Arnold, San Diego restaurateur who said that the firm would spend $100,000 improving the area. Firm members include Emory Skaggs, a retired auto dealer, Skagg's son in law, Lt. Robert Rudolph, U.S. Air Force, and Arnold.

An admission charge will be made to park users, Arnold said. Some of the activities immediately available are fishing in the stocked lake, picknicking, boating, horseback riding and playground activities including a children's play area. There will be no additional charge for any of these facilities except for horse rental and boat hire.

Under construction is a swimming pool, which may also be used without charge, tennis courts, a ramp of cabins and a trailer park area. In the planning stage are a dining room and a 9 hole golf course.

Arnold said there appeared to be a desperate need for a family-type recreational facilities such as he plans. "We have 'no trespassing signs posted all over the place since we started work on it," he said. "Last week, in spite of the signs, more than 30 persons drove in and used our facilities. We charged them the same as we would when the place is completed. In every instance the guest was happy to be allowed to stay. Thousands of San Diego families will find the answer to their outing problems here," Arnold said.

"We also plan to serve barbecue dinners for clubs and organizations and we'll maintain a cold and hot drink concession, as well as selling beer and sandwiches." he added.

"We'll keep putting in more picnic tables until we can accommodate everyone who wants to enjoy the backcountry climate and have the fun of a family type outing," he added.

Name of the place will be changed to Picnic Lake Park immediately, he said.

Arnold said that the ranch had been owned by Sam Moore for the past 12 years. Prior to that it was owned by Jesse R. Duncan who acquired it by "homesteading."

"We want to go on record as planning the most complete family-type recreation center in Southern California, for families of modest means," he said.

Chamber Development Committee Meetings To Wait On Information

Chamber of Commerce Development Committee it it's initial meeting last week agreed to defer future meetings until enough material and information was collected to make meetings worthwhile, V. J. Dorman, Committee president said.

The Development Committee was formed last month by Chamber of Commerce action and the group was charged with studying the community's needs based on it's ability to pay. The chamber agreed to underwrite a "professional and unbiased" survey which the Committee could use as a guide. The Committee would make it's own choice as to what firm would conduct the survey. Government and services would be studied closely.

Dorman said that another meeting will be called, probably late this month to study material already being collected. Members of the Committee, in addition to Dorman are: Dr. Robert Swenson, William Vandenberg, Mrs. Marian Batchelder, Mrs. Betty Martin and advisory members A. F. Sanka, George Casteel and Ira Durham.

WEDDED! — Gwendolyn Harrison and Richard Speaks were united in marriage at the home of the groom's parents, Mr. and Mrs. Richard Speaks, 7868 Imperial, March 23rd. The Reverend Harold Bradley of the Casa de Oro Baptist Church officiated the 7 p.m. ceremony. Phyllis Wester of Vista La Mesa was maid of honor and Stewart Slone of La Mesa was best man.

A reception of family and friends followed the ceremony after which they travelled to Borrego for a brief honeymoon and are now residing at their home at 7615 Normal Street, La Mesa. The bride, a Hoover graduate, is daughter of Mrs. Hazel Cogdill. The groom will graduate from Helix this year.

Methodist Church Views Building Program

A program by which the Lemon Grove Methodist Church expects to finance a new parsonage and possibly a new wing for it's Sunday school is under way at present, it was announced by Norman Wollitz, building fund chairman.

Titled "Big Plan for '57," the program will cover that part the Methodist membership desires to complete.

Reverend Donald Cooke said that the project is a "budget in reverse." The total program would cost $17,000 but the program will be changed up or down in line with what the members indicate they want. The budget will be written after pledges are made, he said.

The present plant at the corner of Washington and Golden is valued at $70,000 and is new. $33,000 of that sum came as missionary funds from the Conference.

The church presently has a membership of 175 and the average attendance is 190.

Twelve teams will make an Wollitz said. Church members are asked to be at home that day from 2 to 6 p.m. in order that members of the canvass team can ascertain the wishes and build these opinions into a program.

Business Women's League To Install Saturday

The tenth annual installation of officers of the Lemon Grove Business Women's League will be held this Saturday night at Michael's.

Cocktail hour will be 7:30 p.m. with dinner served promptly at 8:00. Dancing will begin at 9:30.

The officers elected at the last regular meeting were Julia Farle, Pres.; Nadine Lukow, Vice-Pres.; Dorothy Ellis, Treas.; Ruth Vestal, Recording Sec.; and Alice Stevens, Correspond. sec.

Decorations will be under the direction of Vera Chaffee. She will be assisted by Jerry Antoinette and Dorothy Louer. Installing officer will be Edna Snyder. Out-going President Ethel Oyler asks that tickets be purchased in advance from any officer.

LIONS-KIWANIS PLAY BASEBALL FOR CHARITY SUNDAY

The Lions Club meets the Kiwanis Club Sunday at 2 p.m. at the Little League Baseball Park, Washington at Mt. Vernon, in a baseball game which might bid fair to end all service club competition. No admission charge will be made.

On a previous meeting the Kiwanis won by an estimated 47-3 score and the Lions dropped out of competition for a season or two.

This year the game will be played under the banner of Lions Club charity. Income will result from the sale of refreshments and food since no charge will be made to see some of Lemon Grove's champion luncheon club kinfe-and-forkers take a flabby cut at the softball.

Refreshments will be available during the game and a spaghetti dinner will be served when the game is over. Lion Robert Von Willer said all income will go into the Little League fund.

Both groups made it clear that clear that membership is not necessary to be a spectator of the game.

The Lionesses will be in charge of the refreshments. The Kinwaniannes will be in charge of the cheering section since it is a foregone conclusion that the Kiwanis will win.

JUNIOR SHOPPING CENTER SET FOR EUCLID AVENUE

A junior shopping center will be started soon on the 16 acre site at the northeast corner of Euclid and Freeway, Charles Kerch, suburban property developer for Curtis Coleman Associates told the Men's Club Friday.

He said that a syndicate headed by Sapp Brothers, builders, and a group of Los Angeles investors had put $125,000 in escrow for purchase of the property. Total amount involved was not revealed.

Kerch said 30 or 40 shops would be involved, none of which could be classed as "major." Construction will get underway immediately and occupancy could be expected in Oetober or November he said.

Hospital Wants OK On $600,000 District Funds

Grossmont Hospital has called an election for June 11 to get voters OK on using $465.000 of district money for new construction. New work will be a 143 bed wing.

Louis Peelyon, hospital administrator, said the district has $135.000 left over from a previous bond issue, and this added to the $465,000 which was collected as taxes in prior years makes a total of $600,000.

Six hundred thousand dollars is approximately one-third the cost of the proposed 143 bed wing. Grossmont directors have applied for $1,200, 000 state and federal funds under the Hill-Burton Act. Answer on this application is expected in July, Peelyon said.

Peelyon cited the need for more beds. The district he said has grown from 70,000 population to 170,000 in the 7 years the 700 square mile district has been formed.

If approved, the addition will not be ready for use until early 1959 although the need for the facility is here now, Peelyon said.

HID Draining Cuyamaca

300 acre-feet of Cuyamaca Lake water is being drained into El Capitan reservoir this week, the Helix Irrigation District reported.

The total is about one week's supply of water for the district the district's board asserted. District uses about 46 acre-feet daily. Cuyamaca was drained, as it is every year at his time, to avoid excessive evaporation. The lake is shallow and would be completely dried up if left there, the board said.

The water is running down Boulder Creek into El Capitan and may take two weeks to drain out.

LG FREEWAY TO BE EXTENDED TO EL CAJON FROM GROSSMONT

About two miles of U.S. 80 between La Mesa and El Cajon has ben scheduled for improvement to full freeway standards, according to District Engineer Jacob Dekema of the State Division of Highways. Bids are to be opened May 2, for this project which extends from west of Grossmont Summit in La Mesa to Chase Avenue in El Cajon.

Among the items of work are included a pedestrian bridge in front of Grossmont High School, and vehicular bridges at Grossmont Boulevard and Fuerte Dr. A braided interchange is to be constructed which will join La Mesa Boulevard and the recently completed freeway on State 67 to U.S. 80 at Grossmont Summit. Major bridge work in this area includes the La Mesa Boulevard Undercrossing and the separation structure for State Sign Route 67 and U.S. 80. Existing alignment is to be followed and eight lanes of concrete pavement are planned to expand the traffic carrying ability of this heavily traveled route. Frontage roads, ramps, lighting, and illuminated signs are also to be included as a part of the contract.

Dekema said that although the job as described as ending at Chase Avenue, excavated material through the heavy cut areas is to be carried forward as far as Ballantyne Lane in El Cajon. He stated that in the not too distant future, a complete relocation of U.S. 80 through El Cajon is anticipated and that this material will form a portion of the fill for that project. "Pending receipt of satisfactory bids, in our best judgment the Grossmont Summit job should be completed by fall of 1958," Dekema concluded.

The show will include customized one-of-a-kind cars; specially designed racing cars; antiques; motorcycles; and glamour cars of movie and TV celebrities.

Swimming Fun Should Be Kept Safe — Always

Swimming is fun! But playing with your swimming is dangererous. You'll never see a real pro swimmer acting foolish in the water. Only amateurs would flirt with danger.

Swimming rules are simple and easy. Common knowledge would tell you that if you're a beginner, never swim by yourself. You can have fun learning to swim with your friends, and be safe, too. Even when you become tops as a swimmer don't stroke out yourself. Your top long distant and channel swimmers **always** have someone with them.

Get your "wind" gradually. Don't force yourself. By taking it slow and easy you'll become "windy" in no time at all. Rest often and cover up as soon as you drag yourself from the surf. If you swim out, remember that you have to swim back—unless you seek a one-way trip to King Neptune's land.

Diving is also fun. But don't try a double-handled back jackknife triple-twist from a 30-foot tower on your first attempt. Start out easy and learn slowly and safely. Also remember to look out for fellow splashers below you when you dive. Check the water depth and look for submerged rocks. The Golden Rule could be applied about now, too...."Do Unto Others As You Would Have Others Do Unto You.". . . You don't like to be unexpectedly dunked so just remember, other swimmers, regardless of whether they're lifeguards or beginners, don't like it either.

Probably the most important rule of swimming is to know your basic life-saving rules. Every town offers these courses, as well as the YMCA & YWCA. Saving a life is blessed, and I know you consider your own life —blessed!—B.T.

'OPERATION SINGLE SESSION' NEARS COMPLETION

The final move in "Operation Single Session" is now under way for the La Mesa-Spring Valley schools, according to a report from the District last week. The "Operation" officially began on March 20 when citizens approved the school bond measure, though planning and basic ground work had been going on months before.

"Operation Single Session" should end this week, when (and if) the two new schools; Bancroft and Northmont are occupied. But as of last week, it was impossible to determine the exact date of occupancy. But it is hoped that the move can be accomplished by the last of this week.

The determining factors are these: Installation of cabinets and final completion of the Bancroft School has to be considered. It was reported that due to the recent rains that the outside of the school had to repainted. However all school personnel will be notified two to four days before the move.

The initial inspection of the Northmont School has been completed. Instructional equipment, furniture and cabinets were being moved into the school last week, according to Dr. Ted Dixon of the LM-SV School District.

As of last week the inspection on Bancroft School had not been held. No materials, other than cabinets and classroom furniture are to be moved in until the final inspection has been completed.

CLASS CHANGES

Certain class changes will be necessary in order to complete the District-wide move to single sessions. These assignment will be only for the remainder of the year.

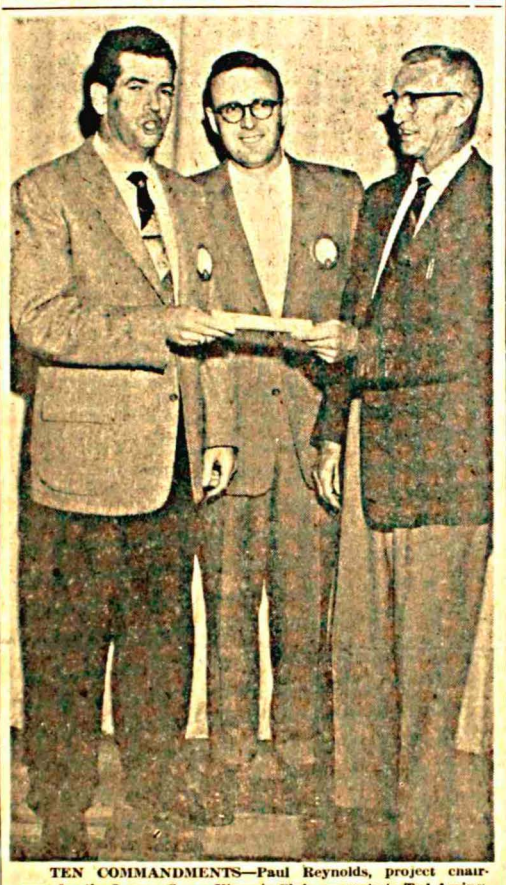
Change in the Spring Valley area are: All kindergarten classes and through the sixth grade from Bancroft (now attending classes in the SV Junior High School), some attending classes in La Mesa Dale and Spring Valley Elementary Schools, will enter the new Bancroft School.

Casa de Oro School; One kindergarten class will go to Spring Valley Elementary School (a.m. session); two second grades and three third grades will go to the SV Junior High rooms; vacated by the Bancroft pupils.

OPEN HOUSE

Open House dates for visiting the La Mesa-Spring Valley schools during California Public Schools Week have been set as follows:

Bancroft—Sunday, May 5, in connection with the Dedication Ceremony; Casa de Oro—Thursday evening, May 2:; Fletcher Hills—Tuesday evening, April 30, in connection with the regular P-TA meeting; La Mesa Elementary, Thursday evening, May 2.; La Mesa Dale, Tuesday evening, April 30; Lemon Avenue, Tuesday evening, April 30; Murray Manor, Tuesday evening, April 30; Northmont, Sunday afternoon, April 28, in connection with the Dedication Ceremony; Rolando, Thrusday evening, May 2.; Spring Valley Elementary, Thursday evening, May 2.; La Mesa Junior High, Fine Arts Festival, Thursday evening, April 25, and the Open House, April 29 to May 3, from 8:00 a.m. to 3:00 p.m.; Spring Valley Junior High, Music Program and Open House, Thursday evening, April 25, and Open House, April 29 to May 3, from 8:00 a.m. to 3:00 p.m.



TEN COMMANDMENTS—Paul Reynolds, project chairman for the Lemon Grove Kiwanis Club, presents to Ted Arrington a check for $150 while Dr. Tom Early, center, looks on. Kiwanis Club sponsored Lemon Grove Night at the California theatre to see DeMille's "The Ten Commandments" and proceeds were earmarked for band uniforms for students who will attend Mt. Miguel High School which opens this fall.

Arrington, vice president of the Mt. Miguel Band Parents Association organized his group into a hard-hitting ticket selling organization which sold nearly 200 of the 600 total. Profits, 19c per ticket, totaled approximately $120. Lions Club donation and Kiwanis additional contribution made up the rest.

BASEBALL CAN BE FUN, IF IT STAYS SAFE

Today the great American pastime of baseball is many times safer than yesteryear. Baseball is a sport that must be dealt with common sense where muscles and brains are of equal importance.

It is generally speculted that the first rule would be conditioning. Now that doesn't call for a muscular body of a mythical God. Famous diamonders as Dominic DiMaggia and Mel Ott wore specs, yet you wouldn't call them "weak" in their sport or "punky." Small physical handicaps can be overcome if your general condition is up to par.

It's also important to know your own abilities. . . . don't practice during a game, make it before-hand. Practicing before a game, with an un-organized team especially, could easily save you a busted shin when you slide into second base.

During the actual game-battle, be sensible. . . . check the field for ruts, holes and mud. Small holes are very inviting for weak ankles. Briefly run through your calesthenic routine to warm up . . . . and supposing an ump's decision is what you consider against you. Don't blow up! Your mind drops to your feet when you allow your temper to flare-up. And your anger might invite an upleasant trip to "fistcity." Anyone can boil their brains—it takes a real baseball player to control his temper. Now have fun—and let's "play ball."—B.T.

EXHIBIT PLANNED FOR BANCROFT SCHOOL OPENING

A meeting of the committee for the Bancroft School dedication last week, furthered the plans to a great extent. The dedication day has been set for, Sunday, May 5. The committee decided to tie the dedication in with the history of Spring Valley by trying to contact some of the graduates (or non graduates) of the first Spring Valley school. Also a request is being circulated for any old school books or pictures that may be put on exhibition the day of the festivities.

H. S. (Horace) Berry, Past-president of the Spring Valley Chamber of Commerce, has consented to act as Master of Ceremonies for the dedication. Berry, who is well acquainted around Spring Valley, has also been quite active in school circles, having served on the Citizen's Advisory Council of the La Mesa-Spring Valley School District.

Anyone with pictures of early Spring Valley, or old school books, or who attended the old school are asked to get in touch with Mrs. Rosarie Graham at HO 9-5067 or H. A. (Tommy) Thomas, of the Spring Valley BULLETIN at HO 6-6423.

TO ROUGH IT IN OPEN, PLAY SAFE, CAMPER

No one wants to "rough it in the woods" just to be safe. But camping can be a lot of fun if you can overcome the out door hazards. If you are in the "know-how" then you're in for a good, safe time.

Like, knowing your personal condition. Some campers are stricken because they don't fully realize their vision, hearing, heart or asthma problem. Have a complete check-up before you venture into the wilds. . "Housekeeping in the unknown" is simply campcraft. That would include bedding down on the ground, building proective shelters, controlling fires, cooking, preparing the proper field sanitation, the proper use of knife and ax and watching out for wild life.

Knowing woodcraft is having outdoor wisdom. Sometimes survival alone calls for the knowledge of the location of stars, wind, ridges, animal trails, etc. . . . . Don't set your sights for to long a distance on trips. Keep them somewhat limited. Remember, you must return the same distance. Wear comfortable shoes, know of your hikers condition, wear hard-finish outer garments and walk slowly and easily, so as not to tire too rapidly . . . Be sure you know how to remedy the following "camp accidents": Sunburn, poison ivy and oak, knife cuts, rattlesnake bites, sprains and fractures, insects bites and water and car accidents.

Safety is easily attained through TRAINING. Practice the above and be proud you will know how to "lead" your group out of danger, should the situation arise.—B.T.

☆ What's your property worth now? What would it be worth without an adequate water supply? Think it over. Don't waste water. San Diego County residents must save 10 billion gallons this year.

Journalism Competition On For High School Students

Twenty-six journalism students from Helix and Grossmont High Schools have entered this week's journalism competition at San Diego State College.

Approximately 200 students from 17 high schools will participate in the 13th Annual Journalism Day Day Competition which is April 11.

Students are competing in news, feautures, sports, society writing and copy editing divisions. Five awards will be given in each area with a plaque going to the winner.

Prizes for an editorial on advertising and the best published column, editorial and sports column will be awarded.

Professional newsmen and advanced State College journalism students will judge entries.

Accompanying the local students will be advisers, Clovis Hill, Helix and Mrs. Echoe Ahern, Grossmont.

Helix has won sweepstakes for the past two years at the event.

Local Lady Wins 'Folger' Prize

Mrs. Pola Mongel of 8226 Palm Street is richer today by a new Westinghouse Waffler, her prize in the annual Doorbell Ringing Promotion conducted by the Catalina Radio Station, KBIG.

Mrs. Mongel's name, address and good fortune were broadcast by KBIG after she was called on by a representative of the J. A. Folger's Coffee Company, and awarded a Waffler when she answered the quiz question of the day.

ID Bracelets Seen For Diabetics

Diabetics need protection. So do epileptics, arthritis sufferers, heart victims and the growing number of normal people who are becoming allergic to penicillin and other "wonder" drugs, medical men say.

Doctors and law enforcement officers long have been aware of this need for protection against misidentification in time of accident or emergency. This and other newspapers have carried news stories of unfortunate diabetics, for example, who have been thrown into jail as drunks instead of being treated in a hospital.

A California doctor who faced this problem in his own family has found the answer after three years of trial and error. His answer is the Medic-Alert Bracelet, which has won approval of doctors and police officers throughout America and is now being worn by grateful people in every state of the union.

Dr. Marion C. Collins of Turlock, California, who now heads the Medic - Alert Foundation, began his search after his 14-year old daughter nearly died from a drop of tetanus serum given after a minor accident. He knew another injection would kill his daughter, and he began a desperate search for an answer.

The answer—the Medic-Alert Bracelet—resembling a silver identification or charm bracelet. But is is a positive warning recognized by doctors, police officers and ambulance drivers all over the United States and Canada.

All bracelets are alike on the surface. They bear the words "Medic Alert" and a medical caduceus in red enamel. The difference is on the back, where the specific mssage each bracelet is designed to carry is clearly engraved. It could be that the wearer is a diabetic taking insulin, a person violently allergic to penicillin, or some one who wants his special blood type known.

Worn on the wrist where they may be recognized immediately, they provide certain protection to the affected person in any emergency.

Dr. Collins said that the bracelet sells for $2.45, plus taxes. If any profits result from the sale of the articles, bracelets will be supplied without charge to those who cannot afford them.

SV Library Set For Troy Street

Miss Frances Hahn, County Librarian, last week informed the Spring Valley BULLETIN that the County Board of Supervisors had approved a recommendation to establish a library at 8814 Troy Street, in Spring Valley. The library will be just across the street from the former location in Bee's Variety Store. The books were taken back to the County Library when Mrs. Hill, owner of the Bee's Variety was notified that she must vacate.

Mr. Henry Lewendowski, of El Cajon, who owns the building where the new library will be located, is to paint the building and put down a new floor covering before the building can be occupied.

Miss Hahn said the shelves in the library will be loaded to the capacity with books. There will be reference books and study facilities (chairs and tables).

Publication of the exact date of the Spring Valley Library will be made soon.

BBB PROTECTS HEALTH TOO SAYS BUREAU OFFICER

By Cecil Chandler
General Manager,
Better Business Bureau

Better Business Bureaus throughout the country have long been noted for helping to guard the family paycheck. Fewer people are probably aware of the fact that your local Bureau also works to protect the family's health.

When quacks spring up or medical advertising makes false claims, Bureau investigators are on the job, working with police and other officials to stamp out the menace or introduce corrective.

For instance, newspapers in many parts of the country recently carried an ad by a midwest firm which offered a "miracle drug product alleged to be a cure for ulcers. A two-day supply sold for $4.95, or $45 for a 20-day "complete treatment."

Those who replied received for $4.95 a box containing six large, porous discs, together with a small quantity of antacid and laxative pills.

When specimens of these medications were submitted for analysis by the Detroit Better Business Bureau, the local board of health examined the formula carefully.

Officials reported that ingredients of the white or pink tablets contained the usual antacids, enhanced by the addition of aromatics, table salt or ginger, which authorities claimed could actually irritate rather than benefit a patient with peptic ulcer. Orange and red tablets consisted of standard laxatives. One of the ingredients, Podopyllin, a bitter purgative resin, could prove drastic if present in sufficient amounts, the report revealed.

As a result, Better Business Bureaus have requested various media to refuse advertising of this product in the public interest.

FREE FACT BOOKLET

While some advertisers would like to tell you otherwise, there are no known drugs or serums that will effectively cure a lot of well-known ailments—such as arthritis, baldness, cancer, epilepsy, influenza, kidney trouble, piles, pyorrhea, rheumatism, rupture, sinus disorders and a host of others.

In fact, some drugs are dangerous to health and life when used without proper supervision. Many remedies or devices are worthless for the purposes for which they are offered. Use of certain medicines in self-treatment have ben known to permit conditions to progress so far that damage cannot be repaired.

For a helpful 16-page booklet, "Facts You Should Know About Health Cures," write to your Better Business Bureau, Spreckels Building, San Diego. Enclose a dime to help cover printing and postage costs. It may open your eyes.

Home Fashions To Hold Spotlight At San Miguel P-TA Meet

Members of the entire family will participate in the Fashion Show (tonight) Thursday, when the San Miguel P-TA presents "Home Created Fashions Are Fun." Pre-schoolers, students, parents and grandparents will model their home-created fashions, and the show starts at 7:30 p.m., in the San Miguel Auditorium.

Mrs. Theron Scott is the chairman of the show; Mrs. Helen Cameron will be the commentator; Mrs. Betty Hofer is in charge of the decorations, and Mrs. Helen Reynolds will provide the musical background.

After the Fashion Show, Frank Armstrong, well-known Lemon Grove attorney School Board member, and chairman of the Youth Center Control Board will discuss legislative policy.

The third grade room mothers are in charge of the refreshments.

COUNTY HAS 30 4-H CLUBS

Thirty 4-H Clubs are active throughout San Diego County, providing opportunity for guidance and development for over 935 rural boys and girls to become good, useful and productive citizens, farmers, and homemakers, says David W. Hinshaw, University of California Farm Advisor. This is an all-time high of active 4-H members.

Under the supervision of 210 volunteer adult 4-H leaders, these members participate in a program of project work, activities, and events designed to provide educational experiences towards citizenship and leadership development.

Andrew McClure To Wed SD Girl

Andrew Leonard McClure, 3150 Crane Avenue will marry Mrs. Helen White of San Diego Saturday at the University Avenue Christian Church in San Diego. Ceremony will take place at 7:30 and a reception will follow at the home of Jack Murray, the bride's brother.

Bride's maid is Mrs. Jack Murray, the bride's sister-in-law. Best man is Robert Von Willer, of Lemon Grove. The Murrays reside at 3484 Armstrong Street in San Diego.

Square Dance News

LEMON EIGHTERS

The Lemon 8 ers are having a birthday Saturday, April 20th (that'e Easter Eve) and are celebrating with a gala Anniversary Dance at the Junior High Cafetorium in Lemon Grove. Caller Stan Bryan, President Jim Hupp, all the board members of the Lemon 8 ers invite you to an evening of dancing that begins with our first guest caller at eight, and ends with refreshments at eleven. Music is supplied by the incomparable H&H Tunetwisters. Taking a cue from their name, the Lemon 8 ers are serving ice cold Lemonade thruout the evening, free of charge, of course. When you dance with the Lemon 8 ers, even the breaks are fun!

Last night, the Lemon 8 ers graduated their third Square Dance Class, and already they are planning another. On Monday, April 15, Stan Bryan will call "Square up!" to a group of beginners at the square dance that has more plus attraction than ny other in the area. We don't go into detail here. Just see our add in another section of this paper.

An Infernal Revenue Dance with a hard times theme will be the order of business April 17th. when the Square Eighters meet at the La Mesa Legion Hall.

Pete and Helen Mighetto will give the calls.

NOTICE OF PROPOSED CHANGE OF ZONE BOUNDARIES OR CLASSIFICATION
(Lemon Grove Zoning District)

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of San Diego will hold a hearing on Tuesday, April 23, 1957, at 11:15 a.m., in Room 310 San Diego City and County Administration Building, Civic Center, San Diego, California, on a proposal to amend The Zoning Ordinance (Ordinance No. 1402 (New Series)) to change the zone classification of the following described property within District No. 12, Lemon Grove Section, San Diego County, from an R-2-A zone to a C zone:

Lot 23 of Arcadia according to Map thereof No. 1250 on file in the office of the County Recorder of said County.

The County Planning Commission, after making the investigation and holding the hearing required by law, has recommended said change in classification.

Albert U. White applied for a change of the zone description of said property from an R-2-A zone to a C-1 zone.

For further details reference is hereby made to the application, the recommendation of the County Planning Commission, including a proposed amendatory ordinance submitted by said Commission, and a map showing the proposed change, which are on file in the office of the Clerk of the Board of Supervisors, Room 306 of said San Diego City and County Administration Building.

R. B. JAMES, County Clerk and ex officio Clerk of the Board of Supervisors.

Testimonial Dinner Planned For Carondolet Order

William Mahedy has been named geueral chairman of a committee to prepare a civic testimonial dinner on May 8 marking the diamond jubilee of the arrival of the Sisters of St. Joseph of Carondelet in San Diego.

Chairmen of the various banquet committees are: Mrs. Kay Reddy, arrangements; Mrs. John Handley, invitations; Nicholas J. Martin, program; and Harry Monahan, Jr., publicity. Sr. M. Aileen Francis, principal of the Academy of Our Lady of Peace, and Sr. M. Davida Joseph, principal of Cathedral High School, will serve as advisers to the committee. Representing the three alumnae associations on the planning group are: Mrs. Harry Monahan, Jr., (Our Lady of Peace Academy), Mrs. Don Micklish (Cathedral), Mrs. Douglas Jones, (Regina Coeli).

The Sisters of St. Joseph of Carondelet, who opened their first school, the Academy of Our Lady of Peace, in San Diego on May 10, 1882, now operate seven parochial grammar schools and three high schools in San Diego County.

Business Newcomer

DEE A. BRUMLEY

One of Lemon Groves' pioneer merchants sold one part of his retail business last week.

Merchant is Roy Lane who operates Lane's Mens Wear and Lane's Shoes at 7763-7765 Broadway. He will retain the men's wear store.

He sold the shoe operation at 7763 Broadway to Dee A. Brumley, former Portland, Oregon merchant who has spent the past nine years in the shoe business for himself and for 20 years previous to that was a manager of Penney's stores in the mid-west.

Brumley, who with his wife, Lulu, will operate the store, said that no change in personnel will be made. He also said that they would follow the splendid merchandising and service practice instituted by Lane when he opened the shoe store five years ago.

"We will continue to give personalized service and assure proper fitting," Brumley said. "We will guarantee all of the merchandise we sell and will continue the S&H Green Stamp policy."

The Brumley's bought a home this week on Pearson Street in Lemon Grove and are busily engaged in setting that up too.

Lane said he hoped the many friends he had made in the shoe business would continue to patronize the store.

"The sale to Mr. Brumley will permit me to do a more vigorous merchandizing job in the men's wear shop. Mr. Brumley's experience indicates that he will do a better job of meeting the needs of local shoe patrons," Lane said.

Brumley, a veteran of both wars is an active American Legion member.

GROVE ROTARY HEARS' MONETTES'

Rotary members were royally entertained Monday by the "Monnettes" a women's choral group directed by Mrs. Mona Thomas and accompanied by Mrs. Joan Powers, Rotary's reguar weekly accompanist. They rendered four numbers and wound up with a very impressive arrangement of the "Battle Hymn of the Republic."

GOPS TO PARLEY FRIDAY IN L. M.

Mrs. Clifford Mosier, president of the La Mesa Republican Club has set a dinner for Friday at O'Quinn's Restaurant in La Mesa at 6 p.m.

Speaker will be RADM Leslie Gehres. Reservations should be made with Mrs. Leroy Bailey or Mrs. William W. McEwen.

Mt. Helix Shrine Club Marks 10th Anniversary

The 10th anniversary of the Mt. Helix Shrine Club will be marked with a dinner Tuesday at Michael's at 7 p.m.

Twenty past presidents will grace the head table. Officers are elected for six months terms. The club is made up of Shriners of the Spring Valley-Lemon Grove-La Mesa and El Cajon area.

For the past four years the club has put on a Thanksgiving dinner for underprivileged children. Turkey and trimmins', entertainment and gifts always make up this event and the entire cost is underwritten by the Club.

At the anniversary event the following past presidents will be present:

Joe Eaton, Milt Paris, Percy Daniels, Eugene Leipper, Walter Kasitz, M. Dollinger, Ben Murphy, L. H. (Bill) Williams, James Rush, Dr. C. Calvert, Le Roy Haverkamp, Crarles Dickenson, George Roach, John Haslam, Earl Holmes, Louis Granger, Russ Eakers, Dr. Robert Rosen, A. R. Stringer, Gil Townsend and the current president H. E. (Bud) McNeil.

A huge birthday cake will be cut at the party and each past president will have his name inscribed upon it. Louis Granger is in charge of the affair.

Golden P-TA To Display Do-It-Yourself Styles

Golden Avenue P-TA will present original creations tailored by the mothers and teachers following the regular business meeting tonight (Thursday), at 7:30.

Kindergarten room mothers will be hostesses for the evening. This style show is the first one presented in this school.

Under the direction of Mrs. Arthur Long, program chairman, boys, girls, fathers and mothers and teachers will model garments made by hand including playclothes, sport shirts, mother and daughter outfits, mother, daughter and son costumes, look-alike dresses for two little girl friends, school dresses, Easter creations for ladies as well as children, satin pajamas and robe, evening dresses nd wedding gown or gowns and finally will be topped by the formal gown worn by Mrs. Byron Netzley, vice president of Ninth District C.C.P.T. to the Inaugural Ball in Washington, D. C., in January. There will also be a child's pinafore hand-tailored and hand-painted by one of the mothers.

MT. MIGUEL STEERING COMMITTEE PICKS P. E. COLORS

Mt. Miguel High School youngsters will follow the red and black school color motif on the physical education field it was decided by the Mt. Miguel Steering Committee Monday night.

Girls will wear red parkas, white shirts, white elastic shorts and red sox. Boys will wear red shirts and black shorts.

Mel Grant, Mt. Miguel's principal, said members of the Committee who had attended a Leader's Conference at Cuyamaca the week before had set up, at least tentatively, an ASB officer's schedule by which the officials would serve a half year.

Local People Heard On School Legislation

Lemon Grove people connected with the schools are vitally concerned with legislation affecting education. Frank Armstrong, Lemon Grove School Board member, is a member of the legislative committee of the California School Boards Association and chairman of the local county association's legislative committee. Mrs. Margaret Lemmer, junior high teacher here and a member of the California Teachers Association State Council, is the CTA legislative contact for both state and national representatives. Byron Netzley, school superintendent, is an active member of the county administrator's legislative committee.

Mrs. Lemmer and Frank Armstrong appeared before a joint meeting of the San Diego County School Boards Association Tuesday night, to explain legislation introduced at this session in Sacramento. The assembled members of fifty-two school boards of San Diego County heard discussions of laws which, if enacted, would provide more State money for schools and would provide various district, student, and teacher benefits.

The Lemon Grove School Board has already taken action in endorsing or opposing legislation which they considered beneficial or detrimental to schools. Among those endorsed by resolution are Assembly Bills 3045, to provide more State money for school operation, and AB 3046 and 3047, new tax bills which would provide more money for the General Fund of California. Also approved was ACA 44, which would allow a Constitutional Amendment which would lower the interest rates on school bonds.

Bills opposed included SB 507, a mandatory unification bill, SB 401, which would change the composition of the County Committee on School District Organization, and AB 969, which would make charter cities and school district boundaries coterminous.

BUDGIE FANCIERS TO MEET SATURDAY

The regular monthly meeting of the Budgie Fanciers of San Diego County, will be held Saturday at 7:30 p.m. at the Carpenter's Hall, 23rd and Broadway, San Diego.

MT. MIGUEL MUSIC UNIFORMS TO GET MORE STUDY

Mount Miguel Music Parents Club met last Tuseday, to consider varous uniforms for the band. The subject was referred back to the executive officers for further riscussion, and at the next meeting, on Tuesday, April 23rd, at 7:30 p.m., the topic will be resumed.

Thanks are due the Lemon Grove Music Parents Club, who donated the proceeds from their refreshment sale, after the Jr. High Concert, to the Mount Miguel band uniform fund.

On April 29th, the U.S.C. band will give a concert at the Hoover High Auditorium. Proceeds from this event will be directed toward uniforming the Mount Miguel Band.

State Income Tax Due Monday

A reminder to California taxpayers that State income tax returns must be filed on or before Monday, April 15, was issued today by the Franchise Tax Board.

"All single individuals who earned $2,000 or more and all married couples with combined incomes of $3,500 or more must file 1956 State income tax returns," said R. Kirkwood, Board Cahirman. "Unless they have obtained an extension, those filing after April 15 must pay a delinquent penalty."

Kirkwood pointed out that the Tax Board wants to cooperate with taxpayers to ease the filing of returns. Assistance with filling out income tax forms may be obtained at the State income tax office.

The San Diego office at 830 S. D. Trust and Savings Bank Building, 530 Broadway, will open April 13, from 8:00 a.m. to 5:00 p.m.

VLM PTA Has Fashion Show Couturier

Vista La Mesa Parent-Teacher Association has learned from experience they have many couturier's in their unit. With the commentation of Frank Black a showing of the latest fashions will be held at the Couture de la Maison (or House of Fashion) whose address is the same as Vista La Mesa School Cafetorium this Thursday, at 7:45 p.m. The Fashion Show has been planned and directed by Mrs. Bob White and Mrs. Warren Peterson, co-chairman.

Of equal importance on the program is the Hobby Show with participation by the entire family. Louis Robinson, Baxter Gardner and Keith Richard, co-chairmen, have planned interesting displays in school rooms 10 and 11.

Hostesses for the social hour are Mmes. Willis, Kirkman, Reeder and Shrinkle room mothers for Mrs. McCracken and Mrs. Hunt's first grades.

Biggest Show Of Roses In Bloom

The nation's largest all rose show is slated for this week-end when the San Diego Rose Society blossoms out its 30th annual Spring Rose Show in Conference Hall, Balboa Park.

Keyed to the theme, "Easter Parade of Roses," the display will offer an acre of exhibits.

Show hours on Saturday are from 1 to 9 p.m. and on Sunday from 10 a.m. to 6 p.m. J. Paul Gaughen is show chairman.

Helix In Fifth Place In South Bay Relays

Favored Helix High School scored a dismal fifth place in total points in the recent South Bay Relays held on the Sweetwater Hi track and field oval. Winner was Grossmont followed by El Cajon, Sweetwater, Point Loma, Helix, Coronado, Mar Vista and Chula Vista.

Helix placed in the following events:

70 Shuttle Low Hurdle Relay, first (R. Barsotti, Dunn, Brown), Time—:37.2 (new meet record); C Distance Medley Relay, third; 100-yard dash, first, Ernest, Time—:10.1; 440- yard Relay, third; Shot-put, second; and High-Jump, second.

Grossmont, scoring a tootal of 36½ points, set a new record in the shot-put department with three throws totaling 152 feet-11½ inches. GROSSMONT ADULT SCHOOL FASHION SHOW SCHEDULED

The Grossmont Adult Annual Fashion Show will be held in the Grossmont High School Auditorium, April 10, at 8:00 p.m.

The public is cordially invited to attend.

The complete display of modeled clothes will come from Mrs. Agnes Anderson's Clothing and Tailoring Classes.

Mrs. Virginia Mitchell will act as commentator.

Students from class and guests will do all the modeling.

A big display of garments will be shown with emphasis on Spring Fashions.

Mr. and Mrs. R. J. Sevick of Spring Valley, announce the engagement of their daughter Nancyann, to Russell Boyd Kanady, son of Mr. and Mrs. C. M. Kanady of Lakeside.
Miss Sevick is presently enrolled at San Diego State College, where her fiance was a student, and a mmber of Kappa Sigma Fraternity. He is presently in the U.S. Army. Both are graduates of Grossmont High School. An early fall wedding is planned.

On The SIDELINES with Bob Turnbull

Lions Versus Humans

Well, lions are beginning to eat humans all over again in Kenya, Africa. The big reason is poaching! Since the lion can't round up an ample supply of zebras and antelopes he's chasing people for his chow. Even the elephants, crocs, buffaloes and hippos are beginning to eye the gawky-lookin' two-legged critters with the supposed superior intelligence (?). Recently a flock of cyclists were slaughtered by the rampaging beasts of African nature. . . .A tip-of-the-Ivy-League hat to new USD grid boss, **James "Bob" McCutcheon** who was recently signed to a two-year football pact. This former Antelope Valley football coach knows his "stuff' on the gridiron.

Scotty High Sports

As usual Helix's track coaches failed to fully utilize their excellent manpower in the "right places" in the annual South Bay Relays. The green wave finished a sickening fifth place when they were favored to cop first. This may sound a mite harsh, but I'm tired of seeing the thinclad forces of Helix being so horribly juggled.

Once again Helix was forced to take a back seat thanks to human error of the adult brain, while the youthful abilities were lost in the shuffle. . . .Thanks to the back-work of coaches **Tom Welbaum** and **Dick Gorrie**, Helix is now sporting snappy baseball dugouts. . . .Watch for Lemon Grove's **Vic Bergreen** to become one of the top prep milers in this area within the next two years. Vic is a Helix sophoomore and recently ran a 4:41.0 mile. . . Five Helix students were recently honored at a Hi-Y Council meeting at the SD YMCA for their good work in the just-finished Hi-Y basketball tourney.

New Fish Lure

Scientists have just created a chemical you can spray on fishing lures that makes them irresistable to fish. . . .**Eddie Erautt, Jr.**, seven years old offspring of the Padre hurler is a third sacker for a minor league team in the Lemon Grove Little League. Los Angeles Angels, to be more specific. . . .Lefty O'Doul, now managing the Seattle Rainers, has sent "spies" to scout the Padre camp. . . . .Hot-rodders who have been heating or cutting the coils in the front springs and using blocks or shackles to drop the rear-end have been making last minute changes to keep up with th new trend of the '57 autos. That of having an upswept rear-end!. . . .and then there's the one—The judges halted to bestow a ribbon on my pup; a cat appeared and stole the show—my dog was runner-up!—B.T.

RECENT RESULTS

Helix—

Thanks to the four-hit pitching of Highlander John Wible, Helix easily disposed of arch rival Grossmont Hi, 6-0. The faltering foothillers scored six errors. It was an obvious bad day for Helix chucker Sandy Thorpe as Chula Vista pounded him with a 15-hit onslaught that included a home-run, triple and two doubles. Helix lost, 13-6. Spartan Oscor Agatep stole second base five times.

State—

Pitcher Bob Imlay hurled and hit his team to an easy victory over Utah State, 13-5. Bob socked a single and a homer. On the golf scene State smashed Occidental, 51-3 and whacked Long Beach State, 44-10. Still seeking a win, the Aztec frosh baseball unit dropped two tilts last week. They were beaten by Grossmont, 8-5 and Pt. Loma, 2-1.

SDJC—

Finding themselves after a slow start, San Diego Junior College is creeping towards the top rung in the rugged Metro baseball race. Last week the Knight horse hiders defeated L.A. Harbor JC, 9-4 and smacked the league leading Long Beach City College squad, 9-7.

Others—

St. Augustine Hi has started a downward trend following loses to Escondido, 3-2 and Mission Bay, 9-1. Grossmont has lost to Helix, 6-0 and has defeated the Aztec freshman, 8-5.

☆ Almost from the start the race developed into a two-man battle betwen Eyre and Sando and over the last three miles they ran shoulder to shoulder with the Yorkshireman always that yard in front.—London Sunday Chronicle.

Defense Plans Near Ready For 22,000 School Kids

The County Civil Defense work is continuing with area schools, on a gradual expanding project basis. While the main object is to develop a workable evacuation plan, individual survival and general orientation to the problem and its dangers are also included.

During March, traffic flow maps were completed for the City of La Mesa, the La Mesa Elementary schools, St. Martin's Catholic school, St. Andrew's Parochial, El Cajon Valley and Grossmont High Schools. Maps for Spring Valley and parts of Lemon Grove, were completed last fall.

A total of 31 schools, including three complete school districts, covering the entire target area, directly east of the City, have now received this assistance. The attendance population of these school is in excess of 22,000 pupils.

Home distribution of the maps has been accomplished by classroom issue in most schools and a majority of the schools have actively solicited transportation pledges through the P-TA. The P-TA meetings have featured Civil Defense evacuation plans.

Since these areas are still all within range of siren warnings, immediate movement to the schools is possible.

DRILLS ARE NECESSARY

Only one school has held an active drill involving loading the children into cars and moving them away from the school grounds. However, the El Cajon School District has requested official permission from the State Disaster Office to hold a district drill which would involve over 6,000 students.

Legal complications are such that State support is necessary. Most schools have developed and practiced their plan to move the children from the classrooms to the curb where they would be loaded in accordance with the traffic pattern. "Duck and Cover" drills are also held in case of a Red Alert coming without additional warning time.

WOMEN'S CONFERENCE

Mrs. Myrtle Orrick, Coordinator of Women's activities, announces a Civil Defense Conference Friday, May 3, from 10:00 a.m. to 1:00 p.m., in the Community Building, Highland and Landis Streets, in San Diego. All women in the County are requested to attend. The subject will be "Home Protection" and will feature radiological problems.

On the following day, May 4, a similar meeting will take place in El Centro.

Hall Sells Service Station, Wife Gets Operation

Kenneth Hall, a long time Lemon Grove resident, announced recently that he had sold his filling station at Sweetwater-Imperial and Broadway intersections to Ralph Gilliam and Raymond Neises. He will remain there until the end of this month, however.

Halls' wife, Marjorie, meanwhile, has undergone major surgery at Sharp Memorial Hospital and will remain there for at least a week.

S.V. Has Gas 'Alert'

It seemed like Spring Valley was having a gas attack last Friday morning, near the intersection of Bancroft & Olive Drives. And it wasn't long until several trucks from the Gas & Electric Company and a fire truck from the SV Fire Department were on hand.

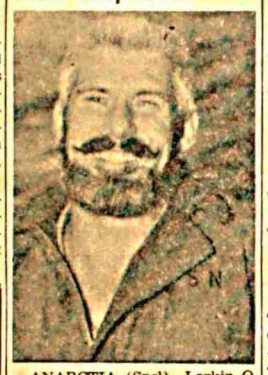
The reason for all the excitement was caused when Don Logan, who was operating a power shovel for the sewer digging project hit the gas main. Don didn't know he was near to the gas main, and the shovel punctured it, causing gas to escape with a terrific roar.

When the Gas Company men arrived they got out their maps and gear to try locating the shut-off, but it took them quite some time before one was located. That's were the fire department came in. It stood by in case. No cigarette smoking was allowed in the area.

Mr. Curtis, who owns the upholstery shop nearby, said he heard gas escaping, but thought it was compressed air. . .then his nose told him different. Bill Doughman, whose home is nearby notified the newspaper about the incident.

A spokesman for the Gas Company said there was no indication that residents of the area had trouble with their gas pressure, as the pressure was kept at a high level. It was more than an hour before the gas was controlled.

Garner Back From 'Deepfreeze'



ANARCTIA (Spcl)—Larkin O. Garner, boatswain's mate first class, USN., son of Mrs. David M. Garner, 3161 Vista Avenue, and husband of the former Miss America Ann Dorr of San Diego, is serving aboard the icebreaker USS Glacier. The Glacier is returning home after completing her last South Polar assignment. The ship was the flagship of the Navy expedition which built Wilkes International Geophysical Year Station.

A three-ship, 700-man Operation Deepfreeze II task group, spearheaded by the icebreaker USS Glacier, Built Wilkes Station in 15 days — a third of the estimated construction time.

The station, which is part of a network of South Polar International Geophysical Year science outposts, is located in Vincennes Bay on Antartica's Indian Ocean coast. The nearest "neighbors" are Russians at a Soviet science base 400 miles to the west.

EIGHTEEN YEAR OLD MUST WAIT THREE MORE YEARS TO VOTE

Proposal that 18-year oldsters be allowed to vote in California was defeated when supporters failed to rally the necessary 2/3 majority. Assemblymen Hegland, Schrade and Luckel voted "NO."

There were many arguments pro and con, all having some merit, but the time-honored 21 years to attain the voting privlege won out.

Certain privileges that 18 years allow are not extended to youngsters of 21 years. The kids will have plenty of time to vote after their 21st birthday. —D.H.

Crisis Faced By 'Hen Fruit' Industry

The egg industry faces a crisis, not only in our area, but all over the State. Prices are depressed, expenses continue to mount higher. San Diego egg raisers have been caught in a vise..

A major victory was won by poultrymen and egg-producers when ACR 59 by Assemblyman McCollister passed. The resolution proposes that interim committees be established to study this problem and develop constructive legislation for egg producers.

A resolution requested by northern San Diego County egg producers was introduced by Assemblyman Hegland and calls upon Congress to launch appropriate studies immediately.

One of the problems California poultrymen face is the shipment into the State of poultry from areas with much lower health and inspection standards.

Egg prices are presently down locally. Right now "mediums" are 45c, with "pullets" - 3 dozen for a dollar. Many parents, with children disliking eggs, are glad to get the small eggs. It's easier to persuade the small fry to eat a small egg. And pullet eggs are said to contain more vitamins.

Roadside signs "EGGS for Sale" are becoming scarcer along the by-ways, and those of us who use a couple of dozen fresh eggs a week have to search for a supply base if their present supplier sells his hens and quits business. —D.H.

More Pony Tryouts Set

The first tryout period of the Lemon Grove-Spring Valley PONY League was held last Saturday, April 6, at the Mt. Miguel High School athletic field. There will be more tryout periods; Saturday, April 13 and Saturday, April 27, both at 9:00 a.m.

The Mt. Miguel High is located on Sweetwater Avenue near Jamacha Road. In order for a boy to qualify for the PONY League he must appear for at least two tryouts. He must bring his birth certificate at the first tryout and $1.50 for insurance.

'DOC' STORK IS STILL ON THE JOB

Credit Doc. Stork with a girl and a boy delivered to Lemon Grove March 19 through March 28, via Doc. Stork's Air Express, with a stop at Grossmont Hospital for refueling.

Mr. and Mrs. M. K. Curtis, 7664 North St., welcomed a little lady weighing 7-lbs - 3 ounces on March 25.

Mr. and Mrs. Robert Pontarolo, 3048 Corona St., gladly signed for a boy who bore a weight tag with 7-lbs - 2 ounces, date March 26.

Well, that keeps the balance even for girls and boys.

Welcome, little strangers, and may you both have long lives and lots of luck.

Total number of births at Grossmont Hospital for the period 33, parents scattered from Alpine to San Diego, with 2 from Alpine and 7 from El Cajon. No wonder El Cajon is advertising her charms with a guitar-playing singer on the "raddio."

Lady Claims 'Drip' Is Not 'Nipping' Swimming Pools

The save water now campaign is under way, but from "Letters to the Editor" we have seen in various publications, there is a tendency in the part of water-users to "save at the spigot and waste at the bunghole" practice that we have not seen mentioned.

Swimming pools and their prodigious waste of precious water have not been touched on by any letter writers. Nip the Drip is not concerned with swimming pools, evidently.

Nowadays, every new house seems to need a swimming pool within jumping distance from the front door. Swimming pools cost from $5,000 up, and vary in size. Used to be hereabouts that a bathroom, with one tub and perhaps a shower, or at least a hose with a sprinkler head, supplied enough cleanliness for the family's Saturday night "orgies."

Remember the laugh that went up years ago when some comedian brought out a song telling about his sister, who took "two baths a week?"

My neighbor, Mrs. W. E. Ragan, who lives at Lemon and Bancroft, in La Mesa, said she was gettin' tired of this "Don't Waste Water" stuff for the little guy and no attention paid to the emptying of swimming pools above us on Mt. Helix. A flood of water comes down Lemon from higher up on the hill at least once a week. "Our guests must have clean water to swim in. Let the others use a bucket," Mrs. Ragan says is the motto of the "Quality" on Mt. Helix.

We will let you figure how much water it takes to fill and empty a pool in a month, but use a bucket when you wash your car.

We would like to hear from swimming pool owners as to their water bills and how often they change the water. Names will be left out if requested, but communications must be signed and address given. —D.H.

Local Fire Department To Observe California Fire Service Day

May 14th has been set as California Fire Service Day and has been so proclaimed by Gov. Goodwin Knight.

On that day, Saturday, the Lemon Grove Fire Department will hold an open house and all district residents are invited. Coffee and donuts will be served and various pieces of equipment will be demonstrated.

A detailed local program will be announced later in the month, Assistant Fire Chief Fred Dixon said. The event is being sponsored throughout the state by community Junior Chambers of Commerce.

SERMON STRESSES GOD'S SAVING, HEALING POWER

All the Christian Science churches will have as the topic of their Lesson-Sermon Sunday the question "Are Sin, Disease, and Death Real?" The Golden Text from Psalms keynotes the sermon: "Bless the Lord, O my soul, and forget not all his benefits: who forgiveth all thine iniquities; who healeth all thy diseases; who redeemeth thy life from destruction" (103:2-4).

A portion of the sermon includes the inspired words from the Revelation of St. John the Divine (Rev. 22:17). "And the Spirit of the bride say, Come. And let him that heareth, say, Come. And let him that is athirst come. And whosoever will, let him take the water of of life freely."

CONCERT — Mrs. Gilbert Harelson, membership drive chairman for Grossmont Community Concert Association, assisted by the group's board of directors, honored membership drive workers at a tea at her Mt. Helix home on Pandora Drive last week.
Shown at the function are membership chairmen Mmes. D. F. Ellis, Lemon Grove, William Starr, La Mesa, David Oldham, Fletcher Hills and Miss Maxine Mathers, El Cajon.
The drive for members is on currently. Headquarters have been established at the La Mesa Chamber of Commerce.

County Wins $306,000 Suit Against Gasco

County Auditor Jack Perrigo and his staff will check the S.D. Gas & Electric's franchise tax deficiencies as to the amount paid to the County, after several years. litigation in the higher Courts.

The following statement in the agenda of April 2 meeting may interest our tax-paying readers. Sometimes the tax-payers get a break and this $306,584.01 will help ease the burden.

THE AGENDA

"San Diego Gas and Electric Company statements of franchise tax deficiencies for the year 1947-49, inclusive, Gas Department, and 1947-1956, inclusive. Electric Department, and certified summary of interest *payment on said deficiencies; AND

Letter from County Counsel stating that litigation with the S. D. Gas and Electric Company has been concluded and judgment rendered in favor of the County; that the Company's check in the sum of $239,434.35 in payment of franchise obligations and interest and its check for $67,149,-66 referred by the Board on Mar. 5, '57, No. 28, are being deposited and that the amounts are being checked by the Auditor for correctness of computations."

Solons Ask $2 Trout Fishing License

The State Assembly has increased the Trout Fishing License $2. Assemblyman Thomas Erwin, (R-Puente), author of the bill, claimed the Fish & Game Commission was short of funds to plant fish. "If this does not pass, the sportsmen can expect a curtailment of the fish planting program," Assemblyman Frank Belotti (R-Eureka) added.

The measure provides that inland trout fishermen must pay $2 more than their normal license to fish for trout. Ocean-going trout, salmon and steelhead were not included in the bill.

Trout plantings last week were scheduled for Sweetwater River at Green Valley Falls, Pine Creek below Highway 80 and Kitchen Creek, in the hills behind Cameron Guard Station.

Baits most commonly used are salmon eggs, liver and worms, though many anglers are using artificial lures such as wet and dry flies as well as small metal lures. Some anglers have found that better catches have been made with the flies.

American Fadtime

Then & Now

By BOB TURNBULL

Today there is a lot of loose chatter flowing about our teenagers and their 'crazy' modernistic fads. You'd think our supposed 'hepsters' of '57 created fads. In all actuality progress through youthful fads, thoughts, styles, designs and habits has been in existence since the year one. If we could but turn the history pages back to the year 1930 we would find a fad to match everything from today's slang to singers.

In the 30's the big home entertainment was the "radio." Today it's a "hi-fi" set. In years gone by the collegians used to strum their "ukes." Now they bang on the "bongo" drums. It used to be a just plain "cap"; today we wear stylish "Ivy League" hats. The Big Three in singing were Rudy Vallee, Carmen Lombardo and Smith Bellew. 1957 answers with Elvis Presley, Perry Como and Eddie Fisher.

In 1930 the 'hepsters' passed French post-cards to their friends while present eyes dig Females by Cole (thanks to Playboy mag.) Once the cinema "talkies" was really IT; now we have "cinerama." All the felines were once envious of Lillian Gish on the screen. Today they envy Kim Novak. The "pony-tail" and "Italian Bob" have replaced the "short-bobbed" hair. While backgammon and mahjong were once the hobbies, today it's either droodles or scrabble. The top flick in 1930 was "Free and Easy" with Anita Page and Buster Keaton. Our screens are presently showing "Full of Life" with Richard Conte and Judy Holliday.

Road racers once tore up the highways with a Viking, La Salle, Marquette, Hupmobile or Dupont. Today's freeway chariots are T-Birds, Cads, Corvettes, Mercs, and Volkswagens. The big controversial issue in days gone-by were the petitions being circulated to kill the 18th amendment to the constitution to prohibit the sale of alcohol. Today we have a segregation fight to bloody our freedom record. Movie censors were once plagued with "dirty politics" on the screen. Today it is centered around "sex in general."

"Krazy Kat" was the big comic strip laffer while today we giggle over antics of Gordo, Archie and Blondie.

Slang expressions probably show the best double-meanings of our spoken language. In 1930 they used to say "oh, nuts to you" while at present they say (tongue-in-cheek) "later on you, daddy-o," which is the same difference. "Don't be a goon" is now "don't be a square." Then there's the one where today's "man you're real cool" used to come out "you're red hot".

Art Association To Hear Admiral Decker

The La Mesa Foothills Art Association will have a speakers Admiral and Mrs. Benton W. Decker at their meeting Wednesday (April 17) at the La Mesa School Auditorium at 7:30 p.m.

Re the Proposed Annexation to the LEMON GROVE Sanitation District

RESOLUTION OF INTENTION TO ANNEX UNINCORPORATED TERRITORY TO THE LEMON GROVE SANITATION DISTRICT AND NOTICE OF HEARING THEREON

On motion of Supervisor Dent, seconded by Supervisor Bird, the following resolution is adopted and notice is ordered by the Board of Supervisors of San Diego County;

WHEREAS, WILLIAM K. KNOWLES, ET AL the owner of certain property in unincorporated territory of the County of San Diego contiguous to the LEMON GROVE Sanitation District, have requested this Board (Document No. 193892-A) to annex said property to said Sanitation District under the provisions of the County Sanitation District Act; and

WHEREAS, the County Boundary Commission has approved the boundaries of the proposed annexation (Document No. 194078); and

WHEREAS, investigation of the proposed annexation by the Division of Engineering of the Department of Public Works discloses that said property is contiguous to said Sanitation District and that it would be desirable and feasible to sewer said property by extension of said District's lines (Document No. 193892); NOW THEREFORE

BE IT RESOLVED AND ORDERED:

(a) That it is the intention of the Board of Supervisors of the County of San Diego to annex to the LEMON GROVE Sanitation District under the provisions of the County Sanitation District Act all of that contiguous unincorporated territory of the County of San Diego, none of which is now included in any other county sanitation district or other district or districts formed for similar purposes, bounded and described as follows:

All that unincorporated territory in the County of San Diego, State of California, lying within the following described boundary line:

1. Beginning at the Northwesterly corner of Lot 8 of Rancho Na-Mors, Map No. 2822, on file in the Office of the Recorder of San Diego County, said corner being an angle point in the boundary of the Lemon Grove Sanitation District;
2. thence Southerly along said boundary and along the Westerly line of said Lot 8 to the Southwesterly corner of said lot;
3. thence Southerly in a straight line across Darryl Street to the Northwesterly corner of Lot 18 as shown on said Map No. 2822;
4. thence Southerly along the Westerly line of said lot to the Southwesterly corner thereof, being also a point in the Northerly line of Lot 19 of said Map No. 2822;
5. thence Westerly along the Northerly line of said Lot 19 to the Northwesterly corner of said lot;
6. thence Southerly along the Westerly line of said lot and along the Westerly line of Lot 22 of said Map No. 2822 to the Southwesterly corner of said lot, being also a point in the Northerly line of the Southerly 155.00 feet of Lot 3 of Subdivision No. 2, Lot 12, Rancho Ex-Mission, Map No. 686, on file in the Office of the Recorder of San Diego County;
7. thence Easterly along said Northerly line to a point in the Westerly line of the Easterly 101.67 feet of said Lot 3;
8. thence Southerly along said Westerly line and along the Southerly prolongation of said Westerly line to a point in the center line of a 30.00 foot street as shown on said Map No. 686 and now known as Lincoln Street;
9. thence Easterly along said center line to a point in the Northerly prolongation of the Westerly line of the Easterly 90.00 feet of Lot 2 of said Map No. 686;
10. thence Southerly along said prolongation and said Westerly line to a point in said Southerly line of the Northerly 166.00 feet of said Lot 2;
11. thence Westerly along said Southerly line to a point in the Westerly line of the Easterly 165.00 feet of said Lot 2;
12. thence Southerly along said Westerly line to a point in the Northerly line of V. R. Hansen's Subdivision, Map No. 2594, on file in the Office of the Recorder of San Diego County;
13. thence westerly along said Northerly line to the Northwesterly corner of Lot 2 of said Map No. 2594;
14. thence, leaving said sanitation district boundary, continuing Westerly along said Northerly line to the Northwesterly corner of Lot 8 of said Map No. 2594;
15. thence Southerly along the Westerly line of said Map No. 2594 to the Southwesterly corner thereof;
16. thence South 88°23'45" West, 363.00 feet;
17. thence North 0°06'15" West to an intersection with the center line of Road Survey No. 436, on file in the Office of the Surveyor of San Diego County;
18. thence Northerly along said center line to the Northerly line of Lot 9 of said Map No. 686;
19. thence Westerly along said Northerly line of Lot 9 and Lot 16 of said Map No. 686 to an intersection with the Southerly prolongation of the Westerly line of the Easterly 337.67 feet of Lot 17 of said Map No. 686, said intersection being an angle point in said sanitation district boundary;
20. thence Northerly along said boundary and said prolongation and along said Westerly line to a point in the Northerly line of Lot 17;
21. thence Easterly along said Northerly line and along the Northerly line of Lot 10 of said Map No. 686 to the Northwesterly corner of Alfred's Subdivision, Map No. 2600, on file in the Office of the Recorder of San Diego County;
22. thence Easterly along the Northerly line of said Map No. 2600 to the Northeasterly corner of said map, being also the Northwesterly corner of said Map No. 2822;
23. thence Easterly along the Northerly line of said Map No. 2822 to the point of beginning.

(b) That said Sanitation District following said annexation shall continue to be known by that name;

(c) That the Board of Supervisors hereby sets Tuesday, the 30th day of April, 1957, at the hour of 11:00 o'clock a.m. in the Chamber of the Board of Supervisors, Room 310 San Diego City and County Administration Building, Civic Center, San Diego, California, as the time and place fixed for the hearing of objections to the annexation of said territory to said District, or to the extent thereof.

(d) That the Clerk of the Board of Supervisors is hereby authorized and instructed to publish this resolution of intention and notice of hearing thereon at length in at least two successive issues not more than 30 nor less than 10 days prior to the time of said hearing in the Lemon Grove Review, a newspaper of general circulation in the County of San Diego, in the territory proposed to be annexed, and in said Sanitation District.

Re the Proposed Annexation to the LEMON GROVE Sanitation District

RESOLUTION OF INTENTION TO ANNEX UNINCORPORATED TERRITORY TO THE LEMON GROVE SANITATION DISTRICT AND NOTICE OF HEARING THEREON

On motion of Supervisor Dent, seconded by Supervisor Bird, the following resolution is adopted and notice is ordered by the Board of Supervisors of San Diego County;

WHEREAS, WILLIAM K. KNOWLES, ET AL the owner of certain property in unincorporated territory of the County of San Diego contiguous to the LEMON GROVE Sanitation District, have requested this Board (Document No. 193892-A) to annex said property to said Sanitation District under the provisions of the County Sanitation District Act; and

WHEREAS, the County Boundary Commission has approved the boundaries of the proposed annexation (Document No. 194078); and

WHEREAS, investigation of the proposed annexation by the Division of Engineering of the Department of Public Works discloses that said property is contiguous to said Sanitation District and that it would be desirable and feasible to sewer said property by extension of said District's lines (Document No. 193892); NOW THEREFORE

BE IT RESOLVED AND ORDERED:

(a) That it is the intention of the Board of Supervisors of the County of San Diego to annex to the LEMON GROVE Sanitation District under the provisions of the County Sanitation District Act all of that contiguous unincorporated territory of the County of San Diego, none of which is now included in any other county sanitation district or other district or districts formed for similar purposes, bounded and described as follows:

All that unincorporated territory in the County of San Diego, State of California, lying within the following described boundary line:

1. Beginning at the Northeasterly corner of Lot 32 of Larwood Park, according to Map No. 3447, filed in the Office of the Recorder of San Diego County, said corner being an angle point in the boundary of the Lemon Grove Sanitation District;
2. thence along said boundary, Easterly along the Southerly line of Lemon Grove Road a distance of 200.00 feet to the Northwesterly corner of Lot 31, as shown on said Map No. 3447;
3. thence Southerly along the Westerly line of said Lot 31 to the Southwesterly corner thereof;
4. thence leaving said boundary, Southerly along the Southerly prolongation of said Westerly line of Lot 31 to an intersection with a line which bears North 87°37' East 200.00 feet from an angle point in the Easterly line of Lot 36 of said Map No. 3447, being also a point in said sanitation district boundary;
5. thence South 87°37' West, 200 feet to said angle point;
6. thence Northerly along said boundary and along the Easterly line of said Lot 36 and along the Easterly line of Lots 35, 34, 33 and 32 as shown on said Map No. 3447 a distance of 1326.70 feet to the point of beginning.

(b) That said Sanitation District following said annexation shall continue to be known by that name;

(c) That the Board of Supervisors hereby sets Tuesday, the 30th day of April, 1957, at the hour of 11:00 o'clock a.m. in the Chamber of the Board of Supervisors, Room 310 San Diego City and County Administration Building, Civic Center, San Diego, California, as the time and place fixed for the hearing of objections to the annexation of said territory to said District, or to the extent thereof.

(d) That the Clerk of the Board of Supervisors is hereby authorized and instructed to publish this resolution of intention and notice of hearing thereon at length in at least two successive issues not more than 30 nor less than 10 days prior to the time of said hearing in the Lemon Grove Review, a newspaper of general circulation in the County of San Diego, in the territory proposed to be annexed, and in said Sanitation District.

PASSED AND ADOPTED by the Board of Supervisors of the County of San Diego, State of California, this 26th day of March, 1957, by the following vote:

AYES: Supervisors Gibson, Bird, Dent and Austin
NOES: Supervisors None
ABSENT: Supervisor Howell

Reporter Gets Informed On 'Der Pell'

By Dick. "Elvis" Henderson

"Did you get your new Elvis Presley record yet?" one of our linotype operators asked me Thursday morning.

I confessed to a lack of feeling, either for or against Elvis. His singing of "Love Me Tender" left me cold. In fact, I have never understood the furor that developed when a tour was being made by Elvis a year ago and Chief Jansen, of San Diego's police department, announced that he would arrest Elvis if he came to San Diego.

It developed that at least three Lemon Grove residents are from northeast Mississippi and knew Elvis.

News came over the radio Wednesday night that several towns in Mississippi suffered damage from a tornado that day. And in April, 1936, Tupelo was hit by a big tornado, and 300 people were killed.

Elvis Presley was born in Tupelo and started to sing when he was six years old. He didn't do so well as a child prodigy, but had lots of nerve, got a cheap guitar and used it to accompany himself. Never got very good at it, but played for everyone who would listen.

According to a local story, Elvis decided he had to have 50 bucks to further his career, and went to Tupelo's leading banker, whom he knew well, asked for a loan and the banker wanted security. Elvis, like Mother Hubbard's dog's bone, had none, and the banker wouldn't make the loan "on his face." Recently, while visiting his home town, Elvis went into this bank and said, "Would you loan me $50 on my face now, Mister Banker?"

There are many families of Presleys in Northeastern Mississippi, not all related. One family had five boys, all linotype operators. In fact, Presleys are outnumbered in that section only by Smiths, Jones and Johnsons.

Elvis left Tupelo flat when he was 16 years old, and went to Memphis, where he hired a real guitar player to accompany him making his first record.

Herchel Presley, not related to Elvis, is the very best linotype operator our informer has seen or heard of. "I have seen that man sit at the key-board and turn out two and a half galleys of type an hour, and rarely would he average one error to the galley. (A galley is 20 column inches long, and there are lots of letters in that long a column. Herchel is what printers call a "swift". Of course, he doesn't keep that speed up through his shift, unless the foreman is in a tight and asks the boys to "step it up."

"Elvis Presley was just and every day boy in Tupelo," according to our advisor. "Now look at him."

I guess I'll have to drop a few nickles in the next machine I find, and hear Elvis sing. I don't think I'll throw a fit, but I will enjoy hearing them.

Henderson is going to be in for another shock when he tries to get juke box music for a nickle. Nickle juke boxes, like the nickle beer and nickle cigar, went out with ladies' unpadded unmentionables.

Single Sessions Brings New School Schedules

New beginning and dismissal times for all grades and schools in the La Mesa-Spring Valley School District have just been released by the Instructional Department. The change will go into effect this month as the District goes on a single session basis.

Previously the Board of Education had approved lengthening of the school day for certain grade levels in preparation for the move.

Basically, here are the new schedules (some variations may be necessary):

Kindergarten—8:30 a. m. to 11:30 a.m., and 12:30 p.m. to 3:30 p.m.

First and second grades—8:30 a.m. to 2:30 p.m.

Third grade—8:30 a.m. to 2:30 p.m.

Fourth, fifth and sixth grades—9:00 a.m. to 3:30 p.m.

Seventh and eighth grades—8:00 a.m. to 3:00 p.m.

Jehovah s Witnesses Claim Reds Anti-God

Charging that Soviet officials "may perhaps be found fighters actually against God," a strongly worded letter of protest from officials of the Watch Tower Bible and Tract Society, legal governing body of Jehovah's Witnesses, has been sent to Premier Nikolai A. Bulganin of the U.S.S.R.

Edgar A. Flinn, presiding minister of the Lemon Grove-Spring Valley-La Mesa congregation of Jehovah's Witnesses, in announcing the contents of the letter, cited the wholesale arrests and mass movements of Jehovah's Witnesses to slave labor camps in Siberia.

"For many years now," Flinn quoted the letter as saying, "Jehovah's Witnesses within the Soviet Union have endured great difficulties and heavy persecution. They have constituted committees and delegations from among their own ministers for the purpose of registering their religious organization according to the statutes in force, but on each occasion they have been rebuffed and instead of being allowed to register their Christian organization they have had ministers in the delegations arrested."

The letter was written to accompany a composite petition that had been adopted over a period of nine months by a total of 462,936 of Jehovah's Witnesses, meeting in 199 assemblies throughout the world. It called attention to the 7,000 Jehovah's Witnesses known to be in slave camps in the Soviet Union and, requesting their release, proposed that a delegation be permitted to proceed from the Society's headquarters in Brooklyn, N.Y., to Moscow to fully acquaint the Soviet government with the true aims and purpose of Jehovah's Witnesses.

Dianne Lairsey Gets Role In College 'Carmen'

A Lemon Grove San Diego State junior majoring in Social Science has been chosen to sing the role of Frasquita in a forthcoming Musics Department production of Bizet's opera "Carmen." She is Dianne Lairsey, daughter of Mr. and Mrs. D. D. Lairsey, 8285 Palm Street.

The double-cast production will be presented in an English concert version at 8:15 p.m., May 13 and 14 in the campus outdoor theater. Directing the opera will be Dr. Arthur E. Westbrook, visiting professor of music. The 250 members of the College Choir will provide the background chorus for "Carmen."

At SDS Miss Lairsey is a member of the madrigal group and Sigma Alpha Iota, national honorary music fraternity for women. She is also a member of the Lemon Grove Congregational Church Choir.

She was soloist in the SDS December presentation of Handel's "Messiah." While a student at Helix High School she was a member of the choir and sang in Victor Herbert's operetta "The Fortune Teller." for three summers she has been a member of the Robert Shaw workshop chorus.

ur Summerfield is mad. He's so mad, in fact, that he's practically threatened to stop delivering the mail unless Congress gives him an extra 47 million dollars. Without this money he says he will (a. close all postoffices on Saturday and stop Saturday delivery of mail. (b. discontinue money order service and (c. place an embargo on 3rd. class mail (advertising, catalogs, etc.)

I can understand Mr. Summerfield's concern for wanting enough money to continue the department at it's present level but I wish he would be a little more realistic than to threaten to "take his toys and go home" if Congress doesn't bend to his demands.

As remote as I am from post office operation I can point the way for Arthur to cut tremendous sums from his expenses and give better service too..

First, I would require all governmental agencies to pay postage the same as you and I. That means postage on 8 million pieces of social security mail each month would be charged to the proper department instead of to the postoffice department cost-of-doing-business, thus relieving the mail users from paying this bill.

Millions of pieces of withholding tax due notices are sent out each year, all by first class, and that is an extra burden on private postal users.

There are millions and millions of pieces of first class mail sent out regularly month by month by the treasury department on the subject of income taxes and on the promotion of the sales of government bonds; and also tons of material on the same subjects are sent to newspapers throughout the nation which the government wants published free of charge, and the postoffice department wants the private users to pay for this postage.

Millions of pieces of mail are sent by the government, free of charge, as first class mail every day from "extension" departments of colleges and county extension organizations. Private users have to pay the cost.

Mailing privileges are given to hundreds of other organizations under the canopy of educational and religious movements and we have to pay for this as private postal users..

The postoffice department sends out tons of literature tooting it's own horn asking newspapers to publish it free of charge. The papers publish it if it smacks a little of news but the postal user is asked to pay for this mailing.

Then there is the printing concern in Ohio which prints all the stamped envelopes for the government. These are packed 500 to the box and shipped to terminal points by the trainload where they are sorted and dispatched to the customers around the country as first clas mail. The postoffice requires private mail users to pay for sending this kind of first class mail.

Certain expenses, like those of rural free delivery, are a genuine public service and should be paid for by postal users. But this other foolishness should be cut out. Stopped. Made unlawful.

If the government departments paid their own postal bill there would be no so-called deficit in the postal department's operation. The people would pay the bill anyway but it would be then a more businesslike fiscal operation.

We say, as did the editor of the Hampton (Ia.) Chronicle from whom we garnered some of this material, that Summerfield should shut up his howl or have government departments pay their own postal way.

Nobody seems to think that the millions of dollars wasted on these government inspired mailings are of such postal public-service that the small mail users should pay the bill. Nobody, that is, except present postal officials, who, we are sure, do not realize the situation of its own business. If they did they would cut out some of those fake free mailing privileges which they themselves granted, although many of them were granted under political pressure by former administration.

I'd be happy if they cut out only those "free mail" privileges which are dishonest in every particular but you never hear a word of protest from Summerfield about these.

BAPTISTS SCHEDULE A MUSIC PROGRAM

The First Baptist Church of Lemon Grove will present their pre-Easter Music Program entitled "Moments With Jesus" this Sunday evening at 7:15 in the Church Auditorium, located at Main and Burnell Streets. This all musical program, under the direction of Gilbert Jordan, will feature their three choirs which has fifty-five members.

WASHINGTON SUMMARY by ED KOTERBA

IKE SHOCKS NEWSMEN.

Never, in the five years this writer has been covering the Eisenhower news conferences, has he seen the President explode his temper as at the March 27 session.

It happened when a Chicago reporter asked if the President could possibly start cutting the budget by eliminating two helicopters ordered recently for the White House.

The President snapped erect like a five-star general. His shouts could have been heard on the other side of the State Department building had not the conference room doors been closed.

Mr. Eisenhower refused to answer the question and, his chin quivering, wheeled around and shouted to the reporter, "That's all!"

THE PRESIDENT'S HEALTH

Perhaps some reporters have been unfair in exaggerating Ike's recent illnesses.

However, the above incident served to bring about widespread speculation that the President may be troubled more in a physical and emotional way than the general public has been led to believe.

Mr. Eisenhower has always been frank about his health. Last week's news confernce was no exception. He admitted he wasn't feeling so good. (To this reporter, he lacked the bounce of the Eisenhower of two and three years ago).

WILL EISENHOWER RESIGN?

Two other significant events occurred at the presidential news conference which gave reporters food for speculation.

The President started ou the meeting by paying emotional post-humous respect to President Magsaysay of the Phillipines who was killed in a plane crash while Ike was out of the country.

Mr. Eisenhower followed this immediately with the statement that he wants to make sure Vice President Nixon will be able to take over without a hitch should a "disability" strike the President.

This came a few days after the British press published a report that Mr. Eisenhower would resign in the near future.

'INSIDE' BRIEFS.

Labor: Secretary of Labor Mitchell tells intimates he will not seek to modify the Taft Hartley law in favor of labor, as he had earlier promised, in view of the "oderous" labor racket hearings.

Postal service: The postoffice department, alarmed by wholesale quitting of mail clerks (their average weekly rate: $70), will soon announce to the public it must raise salaries and—if Congress fails to increase the postal rate—cut service drastically.

Missiles: Atomic warhead missiles will be made available to France (as well as England) by late 1958. But there is one definite stipulation: U.S. soldiers—not French—will man and guard the missiles at all times.

WHAT'S FREE?

If you're planning a Washington visit you may get free fact sheet, "Seeing the Nation's Capital," from: Washington Board of Trade, 1616 K St., NW., Washington, D. C.

MISCELLANY.

Sen. Alan Bible of Nevada is earnestly trying to get an appropriation for a five-year experiment to try to make rain in drought-stricken areas.

Secretary of Treasury George Humphrey doesn't like to talk about it but he has been getting a flood of budget mail, just like the congressmen . . . 99 percent of the writers are against the high spending.

Mrs. Papagni In Critical Condition

Mrs. Tom Papagni, the wife of the operator of TP Hardware & Paint, 7820 Broadway, has been hospitalized at Hillside Hospital with a heart ailment.

Mrs. Papagni (Val) entered the same hospital almost 6 months to the day that her husband underwent abdominal surgery there. Her condition is listed as "critical."

During her absence from the store various tradespeople are attempting to fill place. One day A. W. McDonough, Glidden Paint Co., representative works in the store. On another Western Metals man did the work.

The couple reside at 3906 Donna Avenue. No indication as to when Mrs. Papagni would be out of the hospital could be given earlier this week. Consequently, it is not known when she will be able to return to the store.

PALM CROSSES TO BE DISTRIBUTED AT ST. PHILIP'S

Palm Sunday, April 14th, will be celebrated at St. Philip's Episcopal Church, with the distribution of palm crosses at 11 a.m. services.

On Good Friday there will be a service from noon until 3 p.m. when there will be meditations on the Stations of the Cross. Those wishing to attend for part of the service may come and go during the singing of a hymn.

MAYTIME BAND REVIEW SET FOR MAY 4th

National City's 10th annual Maytime Band Revue will be held Saturday May 4th starting at 1:30 p.m.

Elements of the Grove Junior High School band and orchestra, twirlers and pom-pon corps will take part.

THINGS DOIN' & BREWIN'

About Civic Center

By DICK HENDERSON

Business is gettin' good down at Civic Center.

Assessor's office is almost overwhelmed with Vets filing for their $1,000 exemptions, green clerks on the windows to take their statements and turn 'em in, to be sorted a couple of times, the Vet's statements with Personal Property (furniture, etc.,) in one pile, these in turn to be checked with Vet Cards as to eligibility.

Two thousand statements were taken Monday, that being the last day for some. Businessmen have to declare their business inventory almost as bad as income tax report. Remember the date, April 15, is dedicated to Uncle Sam, so he can spread 50 Billion Dollars around the world to "buy friendship."

The Board of Supervisors convened at 9:30, a half-hour ahead of usual time, with all members present and pleasant. I saw in the Trib. recently where some Councilman didn't like the new chambers they are meeting in as well as their own. Said the acoustics were not so good, the lights poor. If the folks would turn on the mike and speak into it, they work good, and spectators can hear. The lights in the sounding board overhead are to be changed and a new magnetic board, with built-in lights, is on the way. Roy Justice may even dig up a couple of ash trays for the Press table. Union and Trib. each have two reporters, and the table is built for two, so two Trib. men and a nice gal sitting in for the Union made things crowded. Then there was me, sittin' on a hard chair among the top brass, havin' a hard time keepin' track of proceedings.

DeGraaf Austin ran a piece of steel wire in his right thumb and he said it was pretty sore. Joe Mac said it was a "felon." My dictionary defines a felon as "an extremely painful abscess on a finger or toe, usually near the nail." Couldn't find any mention in my $1 "Family Home Medical Guide of "felons". I thought they put felons in jail. So if you meet and shake hands with De Graaf, be careful of his thumb.

11:30 a.m. Appeal of Lemon Grove School District from the decision of County Planning Commission that a special use permit would be granted, subject to three conditions, for a Junior High School on property located on the south side of Palm St., near Golden Avenue, Lemon Grove. (The School District objects to one of the conditions proposed to be imposed with which it states it cannot agree.)

Byron Netzley appeared for the School District, put up a good argument, but lost.

Spring Valley Library: Letter from County Librarian requesting approval of a new rental of 450 square feet at 8814 Troy St., for the Spring Valley Library, at $50 a month, with the necessary amendment to the Salary Ordinance and transfer of funds. Salaries, $146; Capital Outlay, $383.

The Department of Public Works submits four easements for acceptance by Spring Valley Sanitation District. (Approved by County Counsel).

The Board is requested to authorize correction of its resolution adopted on February 18, 1957, No. 66, to show the acceptance of a Grant Deed (instead of an easement) from Edwin A. and Marie H. Mueller for Road Survey No. 1189, Palm Street, Lemon Grove.

SUBDIVISION MATTERS

The Planning Commission recommends approval, subject to conditions, of the following tentative maps, in Lemon Grove area.

No. 1834 Houston Manor.

No. 1864 Myra Court.

Recommendation of the County Librarian for the acquisition of a site on the south side of Broadway in Lemon Grove for the Lemon Grove Library, was discussed by the Board. Supervisor Bird said he was opposed to spending $20,000 for a site on Broadway, thought a cheaper lot could be found. "What's the matter with the realestaters in Lemon Grove," he said. "Haven't they got any suitable lots listed?

The matter was put over, pending the submission of cheaper sites.

Copy of application for transfer of Alcoholic beverage license was granted Patricia and Ralph Graham, Lemon Grove, On Sale Beer.

Wiley Cornelius Named Principal, Palm St. School

Wiley Cornelius, fifth grade teacher at the Golden Avenue school was selected by the Lemon Grove school board of trustees to be the first principal of the new Palm Avenue School when it opens. Construction on the new school has not yet started.

Cornelius has been with the district for more than five years. There were three applicants for the position.

The administration announced a six weeks summer school program, the first the district has offered. Programs will be held at San Miguel school with emphasis on academic courses.

A preliminary glimpse at the preliminary budget revealed an expected outgo of $1,282,000 for the next school year. Of that, $60,000 in sales tax money is anticipated. This would be used for recreation. It also anticipated additional teachers for 400 more students, most of whom will be represented in the new Palm Street school will be put on the payroll.
